YOU HAD ONE JOB

Lent Sermon Series
8:45 am in Forest Chapel
11 am in the Sanctuary

This Lenten season, I am inviting each of you to write about failure—the time you had one job, and messed up. Or the time someone failed you. What happened? What did it cost you? What did it feel like? How did it change you? How did you move on, if you did? What did you learn about yourself, your friends and family, your God? When did you have something meaningful to do, and you missed it? What does that failure mean to you now, if anything? It can be a small failure or a big one. Where does failure factor into your following Jesus? How does God deal with your failings, in your opinion?

Five-, six-, seven hundred words. You can write them to share or just to keep private, if you prefer. **I hope we'll have enough to share from now** into the summer, either in worship times or in the Collage and online.

Pastor Michael Usey

Three Nickels Program

College Park's Three Nickels program is one way that we demonstrate our love for people living and dying in extreme poverty around the world.

The yearly goal of Three Nickels is to have 100 College Park families or individuals pledge to give at least \$1 per week, which equals 15¢ (three nickels) per day. In **the past eight years, we've supported Heifer International, Pennies for Peace, Haiti earthquake relief, Syrian refugee relief, Watering Malawi, Soles 4 Souls, Food for the Poor, Micro loans for villages in Northern Thailand, Operation Smile, Doctors Without Borders and many other worthy programs. Last year, we gave \$5,710!**

For 2017, the Missions Committee decided to support international charities with strong local ties to our church and community:

Support Faith Action International. While Faith Action is based in Greensboro, its work extends our support of immigrants from all over the world who have settled in Greensboro. Faith Action helps immigrants meet their basic needs of food, housing, healthcare and a valid form of identification in partnership with several local agencies. Recent experience with our Syrian families underscores our desire to further support all who need our help trying to establish a new home here.

Support **Jacob Borders' Peace Corps** work in Kungi, Cameroon Africa. His current projects include **installing a watering system on his "model farm,"** which means villagers will have an option for fresh drinking water other than lugging pails and buckets from the nearby stream. (Jacob is on the far right of photo above.)

Support **Nate Usey's Peace Corps** work in Grenada, West Indies, and his desire to build a computer lab for his school students. (Photo above: Nate teaching his class.)

In order to have money to send to these programs, we need your support. Simply fill out a Three Nickels pledge form and place it in an offering plate or return it to the church office. You can give weekly, monthly or for the entire year up front (\$52). If you want to pay online with a credit card, **just select the "3 Nickels"** fund. Help fight poverty around the world by giving just three nickels a day.

In 2016, we gave \$5,710 to

- Support Doctors without Borders in its work to stem the spread of Ebola and prepare for future outbreaks
- Aid Next Generation Nepal in its mission to rescue, rehabilitate and reconnect trafficked and exploited children with their families
- Provide clean, sustainable drinking water to rural communities through Watering Malawi
- Support the International Rescue Committee in its work to offer emergency and long-term assistance to refugees and people displaced by war, persecution and natural disaster.

From Watering Malawi:

Dear College Park Baptist,

Thank you for choosing to give the gift of clean water again this year.

Partnerships within country NGO's and individual communities allow us to accomplish new wells, irrigation for gardens, fishponds, latrines and hand washing stations. **Communities, NCO's, and the school districts are working together** to educate their people. Healthy children make better students. Your gifts are helping keep children in school.

This year's projects include the repair and maintenance of wells, Mother's Clubs, bathrooms in schools, and community-wide sanitation programs. We're even sending girls to school through our Girl Power program. The projects we fund are both life giving and life changing.

Thanks again for sharing life through access to safe water in Malawi. We truly believe that sharing a cup of clean **water in Jesus' name is a beautiful way to share Living Water** with a thirsty world. We are so grateful to partner in ministry with you in such a tangible way.

Grace & Peace

American Red Cross
BLOOD DRIVE

Give Blood • Give Life

We hope to arrange a Red Cross Blood Drive at College Park on June 5, 2017 (tentative date). But we need a certain number of people to indicate an interest in donating before we can make final arrangements (including date & time of day). If you are interested go to: <http://www.collegeparkchurch.com/blood/> – you are not making an actual reservation. Please support this effort to give the gift of life. It only takes **about an hour. It's open to all in our community.**

See Keith Burkhead or Kate Jones for questions. Keith says: **“I give blood because it is an easy way to give back to the community. And here’s something else to consider, blood, like breathe, is required to live. It is profound in the obviousness of it; having access to blood can make the difference between life and death. Please consider making the gift of life possible for someone in need.”**

Why Donate?

Every two seconds someone in America gets a blood transfusion. Five million patients will need blood this year. Summer can be a difficult collection time for blood donations because of busy schedules, traveling, time spent on vacations, and students being out of school. So blood-product donors are especially needed during this time.

Benefits of Donating

- It feels great to donate!
- You get free juice and delicious cookies.
- **It's something you can spare – most people have blood to spare... yet, there is still not enough to go around.**
- You will help ensure blood is on the shelf when needed – **most people don't think they'll ever need blood, but many do.**
- **You will be someone's hero – in fact, you could help save more than one life with just one donation.**

Blood and Platelet Donors Must

- Be in good general health and feeling well
- Be at least 17-years-old
- Weigh at least 110 lbs.

Come prepared

- Have a light meal and plenty to drink.
- Wear Something Comfortable with sleeves that can easily be rolled up above the elbow.
- **Bring your donor card, driver's license or two other forms of identification.**

Bring the names of medications you are taking.

TOTAL KITCHEN REBUILD

After four months of construction, the kitchen rebuild project is finally completed. The new kitchen facilities include: waterproofing, electrical and plumbing, complex range exhaust system with fire suppression, dedicated HVAC, flooring and ceiling, commercial equipment including a Hobart dishwasher, on-demand hot water, stainless steel shelves, dish carts (reduce paper plate waste) and work tables.

Thanks to everyone who has given to make this possible. However, there is still a balance owed on the project, so don't stop giving!
